Education

- 2013–2018 **Bachelor of Science, Electrical & Electronics Engineering**, *Middle East Technical University*, Ankara.
Gpa: 2.94
- 2009–2018 **High School Degree**, *Zonguldak Fen Lisesi*, Zonguldak.

Experience

Vocational

- 2018– **Embedded Systems Engineer**, *Tualcom Inc.*, Ankara.
Ongoing General description no longer than 1–2 lines.
Detailed achievements:
- Designed a programming language and implemented its compiler on python
 - Designed a pipelined processor and its implementation on verilog
 - Designed a GPS receiver:
 - Demodulation of the satellite signals
 - Finding the satellites' positions from demodulated signals
 - Solving the receiver's position from satellites' positions
 - Designed a Controlled Reception Pattern Antennas device as GPS anti jammer
 - Worked on Tracker Antenna Device for air vehicles
 - Designed an authentication system for portable software
 - Designed a simulation software with python for multiple antenna receptive pattern
- 2017–2018 **Part-time Engineer**, *Tualcom Inc.*, Ankara.
- Worked on embedded Linux systems for video compression solutions.
 - Worked on Nvidia Tegra modules and their custom kernels
 - Created a browser based control interface for embedded devices
- Summer 2017 **Intern**, *Tualcom Inc.*, Ankara.
Worked on embedded Linux systems for video compression solutions.
- Summer 2016 **Intern**, *TUBITAK-BILGEM ADVANCED TECHNOLOGIES RESEARCH INSTITUTE*, Ankara.
Worked on Digital Signal Processing and radar simulation

Languages

Turkish Native
English Advance

French Beginner

Computer skills

- Advanced in Verilog Hardware Description language
- Advanced in Python
- Advanced in C programming language
- Good with C++ for Object-Oriented Programming
- Good with JavaScript
- Good with SQL
- Good with ARM Assembly
- Intermediate level of knowledge about Robotics
- Good with machine learning algorithms
- Intermediate level of Matlab
- Familiar with Vivado High Level Synthesis(HLS) tool
-

Extracurricular Activities

- Honorable mention on The Senior Engineering Design Course 2018 for competitive performance
- One of the two head organizer of HackMETU 2015
- Instructor of IEEE METU Computer Society "ANSI C programming lessons"
- Instructor of EESTEC (Electrical Engineering Students' European Association) "DreamCity Project" technical lessons
- Moderator of forum.ceviz.net (One of the biggest programming forum in Turkey) for a short term
- Vice-Chairman of IEEE ODTU Computer Society 2014-2015
- Participant of "ACM (Association for Computing Machinery) 2014 Metu Camp"
- Participant of TUBITAK programming camps summer (2010) and winter (2011)
- Member of the Hidrofen Team at "Tubitak Alternatif Enerjili Araç Yarışları 2011"
